Dear Khery,

We have reached a decision regarding your submission to International Journal of Interactive Mobile Technologies (iJIM), "Mobile-Nature of Science Model of Learning for Supporting Student Performance on General Chemistry Classroom".

Our decision is to: accept conditionally

Please include if possible up to three references to papers from this journal or other journals from <http://www.online-journals.org> as you agreed in the first step of the submission process.

Please send us your final paper not later than 25 May.

Michael E. Auer

[iJIM][15591][Proof Announcement] Mobile-Nature of Science Model of Learning for Supporting Student Performance on General Chemistry Classroom

Sebastian Schreiter <support@online-journals.org>

3 Juni 2020 pukul 00.49

Balas Ke: support@online-journals.org

Kepada: yusrankhery@ikipmataram.ac.id

Dear Dr. Khery,

we are happy to announce that your paper is now scheduled in iJIM, Vol. 14, No. 12, 2020 which will be published around 31 July 2020.

Your final version has been sent to the copy-editors – please don't send any other versions of your paper from now on, they cannot be taken into account.

Around 17 July 2020, you will receive an email from our copy-editor team with a camera-ready PDF proof of your paper (watch out for their email in that time and check your SPAM folder, the sender address will be oj.editing@gmail.com, the alias is Online Journals). You will have 3 days to send it back with your comments about possible corrections.

If, after 3 days, our copy-editors don't hear from you, the proof is considered approved by you.

Please note that the content cannot be modified at this stage (this would need new submission and another review round) and that the formatting is the competence of our copy-editors. It's rather meant as a last chance for correcting typos, misspelled author names or make remarks about formatting that changes the comprehension of your content (which may happen occasionally despite the careful work of our copy-editors).

No modifications will be possible after your paper is published.

Thank you for working with us!
Sebastian Schreiter

IJIM 12 [15591] [Proof] [Mobile-Nature of Science Model of Learning for Supporting Student Performance on General Chemistry Classroom]

Online Journals <oj.editing@gmail.com>

17 Juli 2020 pukul 15.00

Kepada: yusrankhery@ikipmataram.ac.id

Cc: Sebastian Schreiter <support@online-journals.org>

Dear Yusran Khery,

Please find attached the camera-ready PDF proof of your paper for your approval.

Please give us a feedback until **{19/07/2020}**, if we don't hear from you within this time, the proof is considered approved by you.

Please note that changes to the content cannot be made at this stage (this would require a new review) – this proof is rather meant to detect minor issues, such as typos or misspelled names.

Any rectifications which you want to be done kindly highlight in the attached formatted PDF version only with sticky notes against each change. Please do not send in the word document unformatted version as it will be rework for us. The attached version is formatted as per IAOE guidelines.

Also please note that author affiliation (Dr. Prof. etc) will be added only at end in author section and not at the beginning. At the beginning affiliation, we only add author name, college / university, place and country. Rest of the details like department name etc. will be included at end author section.

For any other questions regarding anything else than this proof, please contact the Technical Editor of the journal, Sebastian Schreiter at support@online-journals.orgBest regards,
Kalyani KasaraCopy-Editor
